

THERMOCOUPLE ASSEMBLIES

PRODUCT OVERVIEW

Thermometrics offers a wide range of thermocouple assemblies suitable for a wide range of applications.

	Part Code	Key Features	Typical Uses
	JTCS V12	Vibration resistant design Environmental protection Bendable	General Purpose
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions
	JTCS V8	Small siz Vibration resistant design Bendable	Severe environmental conditions

THERMOCOUPLE ASSEMBLIES

PRODUCT OVERVIEW

Thermometrics also offers a range of compatible connection assemblies as shown below.

	CONV 032/033	CONNCS	PCVE	PCVG	PCVC	PCVA
JTCS V12	•				•	
JTCS V8						•
JTCO		•		•		
JTCM G						
JTCM J		•	•			
JTCM K		•	•			
JTCM L						
JTCT A						
JTCT						

The colour coding specified in the data sheets is detailed below.

Type	Code	Colour	
K-IEC	BH		+
			-
K-ANSI	AA		+
			-
J-IEC	AV		+
			-
J-DIN	AB		+
			-
J-ANSI			+
			-
